

Many thanks to our Hon'ble Author/Trustee for their comments/advise on our AGM as well as promotional activity of Prantik Welfare Trust through Face Book (FB). In the regard, we like to explain why we don't open the page in FB. Before writing our comments we like to quote from Eminent Professor Dr. Md. Zafar Iqbal after Nasirnagar (probably) incident "We are in dangerous situation due to face book". We can open a page in FB within a minutes in private group. But considering following issues we refrain ourselves from FB to safe the Prantik from debate.

1. Someone purposely uploaded the misleading content.
2. Unusual debate among the Trustees and non-trustees.
3. Anyone can take picture with beneficiary when hand over the donation and will upload in FB which is not our principle. Because we want to reserve the dignity of beneficiary in society. Our Hon'ble Joint Secretary Mr. Lokapriya Barua reflected partially in his comment.
4. We are not living such civilized society where everyone behaves like a responsible man and reserves the self-dignity as well as others.
5. There are many ways which we can use for promotional activity beyond of FB.

In beginning of Trust : During formation of Trust we sat in several meeting in different places. In all meeting we officially invited almost all prominent figure in society at Dhaka & Chattogram but few of them Joined and became founder Author/Trustee.

Growth : Growth rate of Trustees is more or less 678% in last 12 years and yearly average growth is 56.5%, fund increased from Tk.20.50 Lakh to Tk.1.30 Cr. and donated Tk.0.75 Cr.

Indirect Promotional Activity :

Publication : Until today we published Prantik Update in fourth edition and fifth edition under way of printing which we are expecting to release it before 1st Baiskakh. Besides of our Trustee we send our Update each edition to 400/500 listed prominent person of our society at Dhaka & Chattogram by courier service/ in-person but none of them made courtesy call except our Eminent Teacher Ms. Prativa Mutsuddi. It was remarkable day for me when I received call from her and thanks to us for our generous work. On the same day she became a Hon'ble Trustee of Prantik Welfare Trust and we consider it biggest award from such an Eminent person.

Also we send two edition of Prantik Update to around 500 Buddhist Temple by post through out the country but Chief Abbot/President/Secretary of respective Temple didn't share of their any feelings except one temple.

We distributed around 2000 copies short leaflet of Prantik in different "Khatin Cibar Dana" of Dhaka & Chattogram.

We published two Books; one is “Good Bad Who Knows author by Ven. Ajahn Brahm” in Bengali translation and another one বুদ্ধ ধর্ম ও দর্শন . Unwrapping ceremony of both books arranged at Dhaka & Chattogram but participant were very few though invitee was huge. We arranged competition for school and college going student under the name of “Competition of Sutra recitation with Bengali translation” at Chattogram for two times but participants and spectators was not in satisfactory level.

Direct Promotional Activity:

1. In the beginning of the Trust, 100 prominent person of Chattogram were attend in our get-together at Chittagong Senior Club and 50/60 of them committed through microphone for joining in the Prantik but very few of them become a Trustee.
2. In Chattogram, we officially invited to 25 young persons in our Board meeting those are holding good position in their respective field but unfortunately none of them attend.
3. We hold the meeting at the office of Hon'ble Trustee Mr. Rupayan Kumar Barua for locality of Badda but only 2 person were attend. One of them retired Banker.
4. Accordingly we hold meeting at Kalachandpur, Ultra & Sabujbag but participant were very few. Even some of our Hon'ble Author/Trustee don't attend in the AGM which is held once in a year. Because everyone is busy with their own business.
5. Now we are planning to formation of zonal sub-committee for promotional activity by involving young person.
6. Easiest way to increase the Trustee if all members are joining their nearest or dearest and friends in the Prantik.

We launched our website couple of years ago under name of www.prantikwelfaretrust.org and complete software for Prantik will be integrated soon. Now we are using bulk e-mail and bulk SMS for direct interaction with our members and well-wishers. We request to all please collect Mobile number and e-mail address of your relatives and friends who are living in country or abroad and send to us for registration in our Prantik Software System. This System will send them SMS & e-mail of Prantik's content once in a month for mass communication.

We always believe that move forward slow & steady with peacefully, honestly & carefully then you will reach at your ultimate goal easily.

** Mistakes are forgivable
